# The Indian Princess Watahwaso, Who Is Coming Here on the Big Redpath Chautauqua

Photo by Matzner, Chicago.

As a messenger from a departing race—noble, picturesque, yet little understood—comes charming and beautiful Watahwaso ("Bright Star"), Princess of the Penobscot tribe and flower of one of the last families of unadmixed Indian blood. Longfellow's artful story of "Minnehaha," with its wondrous colorings and its tale of love and sorrow, revealed much of the beauty of the aboriginal life and character, but it has remained for this modern singer of the songs of her fathers to bring their message to this later generation.

Her Indian chieftain father, true to racial traditions, established and kept his family intact at their tribal island home at Oldtown, near the coast of Maine. Far from resisting those influences which he knew would attract his people away from the old life, he welcomed them, he himself laboring incessantly for that education and equipment which later brought him wide prominence and membership in the legislature of the Pine Tree State. Then, one by one, came pale faced "Hiawathas" and carried off Watahwaso's sisters, and their children and their children's children, Americans all, will gather to retell the fast fading stories of their fathers.

In later years invading hunters sought out the Penobscot tribesmen to guide them through the Northern wilds and paddle their canoes through the treacherous waters while the women remaining in the tepees wore the gorgeous baskets and beaded the buckskin garments. Watahwaso's father was now a recognized authority in Indian history and folk lore and a speaker of distinct charm and more and more was called to speak in public. Often accompanying him was his little princess, charming and demure, who with remarkable skill sang the tribal songs and chants and gracefully danced the ceremonial Indian dances. Up to this time her only tutors had been Sisters of Mercy in their Indian school.

A professor from Cambridge, inquiring among the Penobscots for information concerning an ancestor whom that tribe had taken prisoner in the French and Indian war, discovered that Watahwaso's ancestors had befriended his relative, the prisoner. In gratitude for this and in appreciation of the remarkable talent displayed by the little princess he arranged for her schooling at Cambridge, including study with masters in musical art.

Thus she has come to her own, an artist supreme in the portrayal of Indian lore and in the interpretation of Indian music.
